

Sprint 1 Report

SlugQuest by SlugQuest Team

January 31, 2024

Actions to stop doing

- Stop over-committing, budget 80% of our time

Actions to start doing

- Create epics to split tasks in a digestible manner
- Frontend and backend team communications, prioritize integration

Actions to keep doing

- Keep communication in team, fast response
- Keep readme documentation for "it broke, what do"
- Stand up meetings after class

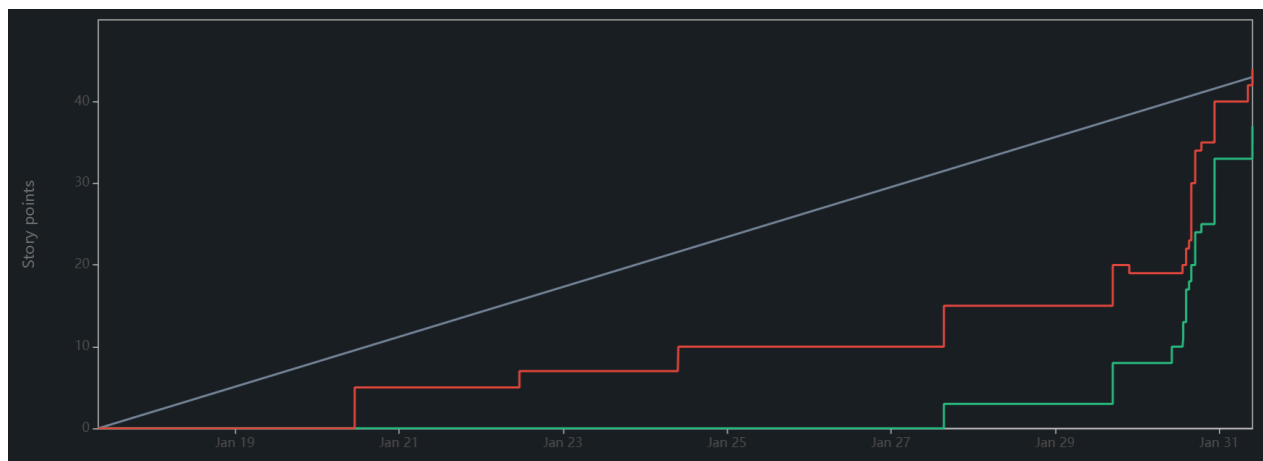

Work completed/not completed

- Completed
 - Frontend UI split into components
 - Initial schema design
 - Basic unit test framework for the backend
- Not completed
 - Frontend auth and login
