

Sprint 4 Report

SlugQuest by SlugQuest Team

March 12, 2024

Actions to stop doing

- Potentially overcommitting to work

Actions to start doing

- Documenting bugs to a common area
- Triaging bugs that are smaller priority/smaller fixes

Actions to keep doing

- Prioritize features and development tracks
 - Reach a consensus on what should be left as is versus continued upon

Work completed/not completed

Completed:

- Backend:
 - Debugged team task endpoints
- Frontend:
 - Implemented teams in the social page
 - Calendar view implemented for recurring tasks

Not completed:

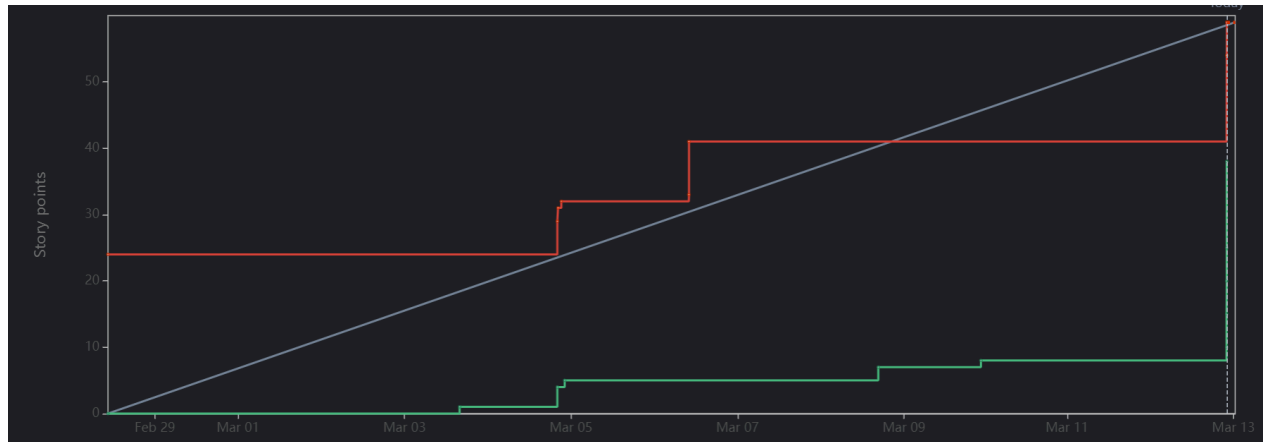

- Did not get to personalization in this sprint like planned

Work completion rate

Burnup chart:

Story point chart (misleading: our tasks were in stories so their story points does not

show on the chart)

Issue count chart (more accurate):
